MJT L84D / L83D
Low floor articulated
city / suburban bus

L83D
MADE IN HUNGARY

MJT L84D / L83D

Low floor articulated city / suburban bus

Engine:

MAN D2866LOH27 direct injection turbo charged diesel engine with intercooler, 6 cylinders in line, Euro 3.

Displacement:	11967 cm ³
Max. output:	228 kW (310 HP)
Max. torque:	1250 Nm

Transmission:

ZF 6HP592C automatic 6-speed gearbox with hydraulic retarder.

Suspension:

ZF rigid portal axles with air springs and hydraulic shock absorbers. Electronic levelling control (ELC) with level raising, lowering and full-side kneeling function.

Wheel trim:	7,5x22,5
Tyre:	275/70 R22,5

Steering:

ZF Servocom 8098 hydraulic power steering, LHD.

Braking system:

Dual circuit, full dry air brake system, load sensing valve on the second axle, ABS, ASR.

Disc brakes with wear indicator on all wheels.

Articulation:

Hemscheidt SKD 420 turntable.

Basic equipment:

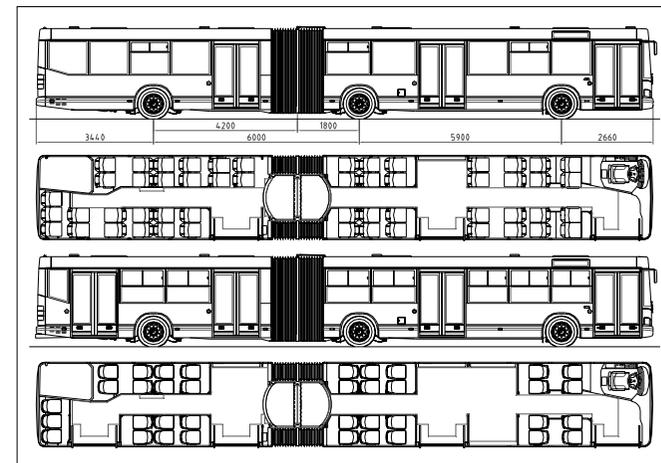

Low floor throughout the vehicle.
3-door (L83D) and 4-door (L84D) versions.
The number of passengers can be varied from 53+105 to 37+130 (seated + standing places).
Continuous fluorescent lighting in 2 lines with integrated speakers.
Convector heating along side walls.
Auxiliary independent heating equipment.
Roof-integrated air ducts above side windows for fresh air ventilation.
Luggage racks in suburban version (L83D).
ISRI driver's seat with armrest, headrest and pneumatic lumbar support, fitted with 3 point seat belt.

4 roof hatches also acting as emergency exit.
Numerous storage spaces for the driver's personal items.

Options:

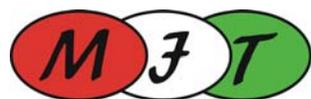

Climate system for driver.
Climate system for passengers.
Electrically operated rear view mirrors.
Electrically operated roof hatches.
Electrically operated roller blind for the windscreen.
Manually folded or electrically operated ramp for wheelchairs.
Heated driver's seat.
Painted in customer colour(s).
Radio / CD player.

Dimensions and weights:

Length:	18000 mm
Width:	2550 mm
Height:	2800 mm
Wheelbase (front to middle axle):	5900 mm
Wheelbase (middle to rear axle):	6000 mm
Overhang front:	2660 mm
Overhang rear:	3440 mm
Tare weight:	14800 - 15200 kg
Gross vehicle weight:	28000 kg
